SUNSHINE
HOSPITAL DISINFECTANT DEODORANT
An excellent biocidal, quaternary ammonium cationic agent and unique deodorizer for use on pre-cleaned, hard, non-porous surfaces, including sinks, toilets, bathtubs, shower stalls, sinks, terraces, patios, counters, counters, fixtures, utensils, tableware, refrigerators, toilets, washers, dryers, sinks, faucets, telephones, furniture, equipment and surfaces which could harbor hazardous microorganisms.

VIRUCIDAL: Kills Human Immunodeficiency Virus Type 1 (HIV-1) and 2 (HIV-2) which are responsible for acquired immune deficiency syndrome (AIDS). The 100% inactivation of the two strains of HIV-1 and 2, respectively, is achieved within 1 minute of exposure to 500 ppm (mg/L) of active ingredient in aqueous solution.

BACTERICIDAL: Kills speciated Gram-negative and Gram-positive bacteria, including Haemophilus influenzae, Moraxella catarrhalis, Streptococcus pneumoniae, Enterococcus faecalis, Staphylococcus aureus, and Pseudomonas aeruginosa.

TUBERCULOCIDAL: Kills Mycobacterium tuberculosis (Tu-ber-co-lu-skal).

FUNGICIDAL: Kills filamentous fungi (such as Aspergillus niger and Penicillium spp.) inanimate objects.

SANITIZING: Sanitizes Inoculated Porcelain surfaces and porcelain fixtures.

DEODORIZING: Removes unpleasant odors from many sources. Controls odors that could continue to cause foul odors.

FOR USE IN: Hospitals, Institutional, Commercial, Medical, and Residential facilities, equipment, and vehicles, including hospitals, motels, hotels, and other establishments; food storage, processing, packaging, handling, and serving establishments; and other public locations; offices; homes; apartments and multi-family dwellings; and apartment buildings and homes.

FOR USE ON: Offices, metal, glass, porcelain, ceramic, wood, linoleum, paint, plastic (such as Nylons, styrene, acrylic, polyethylene, polystyrene, polyvinyl chloride, polycarbonate, polyester, polyethylene, polypropylene, polysulfone, polyurethane, polycarbosilane, acrylic, nylon, rubber, metal, steel, weather, wood, glass, and porcelain; and other non-porous surfaces.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is not to be used on any surface or treatments that (i) is introduced directly into the human body; (ii) is in contact with the bloodstream or normal body tissues; (iii) are areas of contact with the human body, or (iv) is in contact with the skin and mucous membranes, which can cause serious or permanent disability.

GARLIC: Store container well and use each and hold it upright when applying. For use on painted, hard, non-porous surfaces, do not use on humans or animals. Do not contain任何人 that contains alcohol.

TO KILL HIV (Human Immunodeficiency Virus type 1) (AIDS) and herpes simplex type 1 and 2 (HSV-1 and HSV-2) viruses on previously soiled with blood/body fluids surfaces:

ACTIVE INGREDIENTS:
- Phenylenediamine: 0.139%
- Ethanol: 0.045%

INGREDIENTS:
- Phenylenediamine: 0.139%
- Ethanol: 0.045%

TOTAL: 0.184%

EPA Reg. No. 44448-87-6825 EPA Est. No. 44448-TX-1

KEEP OUT OF REACH OF CHILDREN
WARNING: SEE ADDITIONAL PRECAUTIONARY AND FIRST AID STATEMENTS ON BACK PANEL.

NET WT. 16.5 OZ. (468 g)

PRECAUTIONARY STATEMENTS
Hazard to Humans and Domestic Animals
WARNING: Causes eye irritation. Do not get in eyes, on skin, or on clothing. May be harmful if swallowed. Avoid breathing spray mist or vapors.

FIRST AID
If inhaled:
